SUPPLEMENTARY INFORMATION:

Background

Section 285 under Title II, Part E of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended (42 U.S.C. 5601, *et seq.*), states that the "Administrator may make a grant to a State that receives an allocation under section 222, in the amount of 10 percent

of the amount of the allocation, for each challenge activity in which the State participates for the purpose of funding the activity."

Part E—State Challenge Activities is a 1992 amendment to the JJDP Act. In FY 1995, Part E received its first appropriation. The purpose of Part E is to provide incentives for States participating in the Formula Grants Program to develop, adopt, and improve policies and programs in one or more of ten specified Challenge Activities. As used in this Guideline, "State" is defined in Section 103(7) of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended (42 U.S.C. 5601, *et seq.*) (JJDP Act). "Formula Grant" refers to a grant to a State under Title II, Part B of the JJDP Act.

The ten Challenge Activities are defined in Part E as follows:

(A) Developing and adopting policies and programs to provide basic health, mental health, and appropriate education services, including special education, for youth in the juvenile justice system as specified in standards developed by the National Advisory Committee for Juvenile Justice and Delinquency Prevention prior to October 12, 1984.

(B) Developing and adopting policies and programs to provide access to counsel for all juveniles in the justice system to ensure that juveniles consult with counsel before waiving the right to counsel.

(C) Increasing community-based alternatives to incarceration by establishing programs (such as expanded use of probation, mediation, restitution, community service, treatment, home detention, intensive supervision, and electronic monitoring) and developing and adopting a set of objective criteria for the appropriate placement of juveniles in detention and secure confinement.

(D) Developing and adopting policies and programs to provide secure settings for the placement of violent juvenile offenders by closing down traditional training schools and replacing them with secure settings with capacities of no more than 50 violent juvenile offenders with ratios of staff to youth great enough to ensure adequate supervision and treatment.

(E) Developing and adopting policies to prohibit gender bias in placement and treatment and establishing programs to ensure that female youth have access to the full range of health and mental health services, treatment for physical or sexual assault and abuse, self defense instruction, education in parenting, education in general, and other training and vocational services.

(F) Establishing and operating, either directly or by contract or arrangement with a public agency or other appropriate private nonprofit organization (other than an agency or organization that is responsible for licensing or certifying out-of-home care services for youth), a State ombudsman office for children, youth, and families to investigate and resolve complaints relating to action, inaction, or decisions of providers of out-of-home care to children and youth (including secure detention and correctional facilities, residential care facilities, public agencies, and social service agencies) that may adversely affect the health, safety, welfare, or rights of resident children and youth.

(G) Developing and adopting policies and programs designed to remove, where appropriate, status offenders from the jurisdiction of the juvenile court to prevent the placement in secure detention facilities or secure correctional facilities of juveniles who are nonoffenders or who are charged with or who have committed offenses that would not be criminal if committed by an adult.

(H) Developing and adopting policies and programs designed to serve as alternatives to suspension and expulsion from school.

(I) Increasing aftercare services for juveniles involved in the justice system by establishing programs and developing and adopting policies to provide comprehensive health, mental health, education, and vocational services and services that preserve and strengthen the families of such juveniles.

(J) Developing and adopting policies to establish—

(i) A State administrative structure to coordinate program and fiscal policies for children who have emotional and behavioral problems and their families among the major child serving systems, including schools, social services, health services, mental health services, and the juvenile justice system; and

(ii) A statewide case review system. The term “case review system” means a procedure for ensuring that—

(a) Each youth has a case plan, based on the use of objective criteria for determining a youth's danger to the community or himself or herself, that is designed to achieve appropriate placement in the least restrictive and most family-like setting available in close proximity to the parents' home, consistent with the best interests and special needs of the youth;

(b) The status of each youth is reviewed periodically but not less frequently than once every 3 months, by

a court or by administrative review, in order to determine the continuing necessity for and appropriateness of the placement;

(c) With respect to each youth, procedural safeguards will be applied to ensure that a dispositional hearing is held to consider the future status of each youth under State supervision, in a juvenile or family court or another court (including a tribal court) of competent jurisdiction, or by an administrative body appointed or approved by the court, not later than 12 months after the original placement of the youth and periodically thereafter during the continuation of out-of-home placement; and

(d) A youth's health, mental health, and education record is reviewed and updated periodically.

Eligible Applicants

The only eligible applicants for Part E Challenge Grants in a given fiscal year are the State Agencies, designated by the Chief Executive of the State pursuant to Section 223(a)(1) of the JJDP Act, which receive OJJDP Formula Grant awards under Section 223 of the JJDP Act for the same fiscal year.

Funding Levels

The amounts of Part E funds available for the States are determined by the ratio of Part E funds to Formula Grant funds available to the States in a given fiscal year. The same ratio is applied to each State's Formula Grant allocation to determine each eligible State's Part E allocation.

All States will be notified of Part E State allocations annually.

Part E funds not awarded by the end of the fiscal year due to the absence of an acceptable application will either be: (1) Made available to States in the subsequent fiscal year along with the Part E funds appropriated for that year, or (2) in the case of a State not participating in the Formula Grants Program, the State's Part E funds will be reserved for one year if the State submits (a) a written statement of intent to resume participation and (b) describes activities that are designed to enable the State to participate in the following fiscal year.

State Applications and Awards

Each State may apply for a Part E grant in an amount equal to the sum of not more than 10% of such State's Formula Grant allocation received, for each challenge activity in which the State chooses to participate, not to exceed the total amount of the State's Part E allocation.

For example, a State may have a Formula Grant of \$600,000 and have a Part E allocation of \$100,000. The State could apply for up to \$60,000 (10% of the Formula Grant) for each Challenge Activity. However, since a total of \$100,000 Part E funds would be available to the State, the State could apply for \$60,000 for a first Challenge Activity, and \$40,000 for a second Activity. Alternatively, the State could apply for more Challenge Activities by applying for any amounts of not more than \$60,000 for each Activity that total not more than \$100,000.

The award of Part E funds is contingent upon OJJDP's approval of an application meeting the requirements listed below.

Application Components

Applications for Part E Challenge Activity Grants must contain the following items for each proposed Challenge Activity.

1. Challenge Activity

Identification of the Challenge Activity to be implemented.

2. Statement of Need

A concise explanation of the need for Federal funding to implement the Challenge Activity.

3. Project Summary

A brief summary or abstract describing the activities, goods and services to be funded with Part E funds, as well as collateral activities to be funded from other sources.

4. Goals, Objectives and Outcomes

A listing of the goals and objectives for the project, and anticipated outcomes and products.

5. Strategy

A concise description of the steps to be taken in implementing the Challenge Activity, including a timeline for implementation. This description must link the proposed strategy with the Challenge Activity as cited in the JJDP Act.

6. State Advisory Group Involvement and Approval

A description of the State Advisory Group's (SAG) involvement in the Challenge Activity, and evidence of approval of the application by the SAG.

7. Budget

A budget and budget narrative explaining and justifying the costs of the proposed project.

Grant Period

Part E grants will be awarded for an eighteen month project period.

Use of Funds

1. The recipient State Agency shall use Part E funds to implement the proposed Challenge Activities. The State Agency may contract or enter into interagency agreements with public or private organizations, institutions, or individuals to implement Challenge Activities. Part E funds cannot be subgranted.

2. Part E funds may be used only in accordance with the provisions of Part I of the JJDP Act and the effective edition of the Office of Justice Programs Guideline M.7100.

Application Due Date

Applications for FY 1995 Challenge Grants may be submitted after publication of the final guideline and must be received by June 30, 1995. For subsequent years, applications must be received by March 31, in conjunction with the Formula Grant Multi-year Plan or Annual Plan Update. Section 223(a) of the JJDP Act requires that the Formula Grant Plan be "amended annually to include new programs and challenge activities subsequent to State participation in part E."

Technical Assistance

Technical Assistance to support the States' efforts in implementing the Challenge Activities Program is available from OJJDP through the same process used for requesting technical assistance for the Formula Grants program.

Other Requirements—General

The relevant administrative requirements for categorical grants contained in the effective edition of the Office of Justice Programs Guideline M.7100 apply to Part E Challenge Grant. However, Progress Reports for Challenge Grants are required semi-annually, not quarterly as indicated in M.7100.

Other Requirements—Statutory

Section 223(a)(3)(D)(ii) of the JJDP Act requires that the State Advisory Group's annual recommendations to the Chief Executive Officer and the legislature of the State include "progress relating to challenge activities carried out pursuant to part E."

Applications for Challenge Grants must contain an assurance that the State will comply with this provision.
